Cuore AC PSL 3000

Composition	Cuore AC PSL 3000 is a liquid material and is solvent-free.
Application	AC PSL 3000 can be added to various polyurethane coatings from the Cuore range to accelerate the curing. AC PSL 3000 can only be used in solvent free or solvent containing polyurethane coatings and cannot be used in water based coatings.
Technical properties	Gravity 1050 kg/m ³
Consumption	The consumption of AC PSL 3000 depends on the type of product it is added to and the desired speed of curing.
Colour – structure – gloss level	Yellow
Packaging	200 gram packaging.
Shelf life	In the closed original batch, stored in a dry place at temperatures between 5°C and 25°C, AC PSL 3000 has a shelf life of at least 12 months. Note: AC PSL 3000 should not be stored at, or exposed to temperatures below 5°C.
Important	AC PSL 3000 may only be applied by trained and professional installers.
